

§ 2.172 Surrender for cancellation.

Upon application by the registrant, the Director may permit any registration to be surrendered for cancellation. An application for surrender must be signed by the registrant. When there is more than one class in a registration, one or more entire class(es) but less than the total number of classes may be surrendered. Deletion of less than all of the goods or services in a single class constitutes amendment of registration as to that class (*see* § 2.173).

§ 2.173 Amendment of registration.

(a) A registrant may apply to amend a registration or to disclaim part of the mark in the registration. The registrant must submit a written request specifying the amendment or disclaimer. This request must be signed by the registrant and verified or supported by a declaration under § 2.20, and accompanied by the required fee. If the amendment involves a change in the mark, the registrant must submit a new specimen showing the mark as used on or in connection with the goods or services, and a new drawing of the amended mark. The registration as amended must still contain registrable matter, and the mark as amended must be registrable as a whole. An amendment or disclaimer must not materially alter the character of the mark.

(b) No amendment in the identification of goods or services in a registration will be permitted except to restrict the identification or otherwise to change it in ways that would not require republication of the mark. No amendment seeking the elimination of a disclaimer will be permitted.

(c) A printed copy of the amendment or disclaimer shall be attached to each printed copy of the registration.
